HERE'S the POINT!

By SPENCE HELD

As a kid I read Mark Twain's books avidly ,and one of these days I'm going to re-read Tom Sawyer and Huckleberry Finn.

(Huckleberry has been banned in New York City schools, incidentally, because some of its passages are "racially offensive.")

Well, Mark Twain's real name was Samuel L. Clemens . . . Yeah, and old Sam got off some good cracks in his day. For instance:

"Noise proves nothing. Often a hen who has merely laid an egg cackles as if she laid an asteroid."

* * *

It would be nice and comfortable to apply that interpretation to Brother Krushchev and dismiss his cackling and crowing, huh?

Unfortunately, Russian science seems to have done more than lay an egg—as witness the satellite now circling our planet at 18,000 miles an hour.

* * *

An egghead with a slide rule and pair of calipers probably could prove that a dictatorship is more efficient than a democracy in concentrating on a single goal . . . Efficient, maybe, but cold-blooded, ruthless, and indifferent to the welfare of the individual.

An egghead (jg) of my acquaintance contends that the U.S. had a dictatorship in World War II and therefore developed the atom bomb ahead of everybody.

* * *

We're in a coldwar with Russia, whether we like it or not . . . How much longer can we afford inter-service rivalry in missile development?

And politics as usual? . . . That egghead (jg) says we may as well change the shape of our own satellite because it has become a political football.

Seriously, the next Pearl Harbor might be fatal—and almost everybody knows it. The thing is, we don't wont to think about it. Right?

* * *

Mrs. Douglas Coleman, of 2131 Bacon St., president of Ocean Beach Unit 433, American Legion Auxiliary, wrote from Honolulu that she had toured Pearl Harbor on a Navy launch.

"Saw the sunken Arizona," she wrote, "and it is a sight I'll never forget."

(In case you don't remember Pearl Harbor, approximately 1,000 Americans are entombed in the hulk of the battleship Arizona.)

* * *

Significant quotes:

Mildred Brown Robbins, San Francisco society editor—"We don't dig too deeply into the backgrounds of society figures in California—we're apt to end up in a mine shaft or a saloon."

T. P. Coats, San Francisco bank executive—"Nothing can stop the substantial growth of this State. People make business, and California is the destination of an ever increasing westward migration."

* * *

Dr. Elliott Colby got a laugh out of a typographical error in a downtown paper. Item was about Gov. Faubus of Arkansas and referred to his "bubernatorial mansion."

* * *

Heres one from somewhere:

"Our paper carried the notice last week that Jeremiah Smith was a defective in the police force. This was a typographical error. Mr. Smith is really a detective in the police farce."

* * *

Wasn't it Tijuana that had 26 defective detectives? I seem to remember they all got the bum's rush at once.

Tijuana? You can have it . . . Dick Barbour is right.

Victorious Pointers Will Engage Kearny High Tonight---That's Right

Back on the victory trail but minus a half-dozen players due to injuries and the flu, Point Loma High School's football team will play Kearny at 7:30 p.m. today (Thursday) at the Hoover High field.

If the day sounds unusual, it is—but that's the way the ball bounced.

Point Loma scored a solid 14-6 victory over St. Augustine last Friday night at La Jolla and now is tied for second place in the City Prep League.

Coach Bennie Edens is keeping his fingers crossed but there is no doubt he was gratified at the performance of his team against the Saints. Sparky Bishop, guard, was named "lineman of the week" by the coaches for his work on both offense and defense. His downfield blocking was outstanding.

Other linemen who had a big hand in the victory included Alfred Gomes, who caught several passes; Bob Bradley, who recovered an onside Pointer kickoff on the Saints' 30-yard line; and Joe Varley, whose rock-and-sock play has been noteworthy all season.

That recovered kickoff led to the first touchdown, with Roger Soares tossing a short pass to Gomes for the payoff punch.

Point Loma led 7-0 at the half. In the third period St. Augustine staged a long march and Joe Gray scored from five yards out.

Leading 7-6, the Lomans iced the contest with a drive of their own that saw big Bill Bradford plunging across for the last yard.

Quarterback Soares had a good evening with his passes and kicked two extra points.

ELECTED—Jim Noel, past president of Ocean Beach Kiwanis Club, was elected lieutenant-governor of Division 21, Kiwanis International, at the recent convention of the California-Nevada-Hawaii District at Long Beach. Noel has been a member of the O.B. club eight years and was its president in 1951. Other members of the club at the convention included James Restine, president; Russ Wilson, Henry (Hank) Voss, Frank Swan and Dr. Winton Oster.—Les Hamm photo.

Cal Western did not have a game last week. In their last outing they knocked off University of California, Riverside, 21-19.

Speech Therapy For Children Now Available

A few families in the Loma Portal-Ocean Beach Area have need of speech therapy help for their children, it was reported.

A speech therapist has been contacted and has agreed to work several mornings a week if there is sufficient demand.

(Mrs. Elizabeth Alexander has taken the universal expression of music as her basis for establishment of communication with disturbed children.)

Children given help at an early age can often avoid personality disturbances.

One of the families interested in handicapped children has offered the use of their home for this work. Any family interested or in need may contact Mrs. Clarence Hale, AC-3-5798.

DISPLACED PERSON

It was a particularly tense moment recently when SD State College football team was on the Marine Corps' ten-yard line, first down and goal to go.

After the ball was snapped the players piled up for no gain. An Andy-Griffith voice boomed from the stands: "Hold that line, suh. Let's clear up this integration or we'll send Faubus in."

SO WHAT'S NEW

"Heck," said the Point Loma husband. "I always thought the women were armed well enough with spike heels on their shoes. Now take a look at these new-styled pointed toes. Lethal weapons fore and aft!"

STAMPEDE WARNING

A small sign on the bulletin board in the Quad at State College reads: "ROOM FOR RENT. Only three miles from campus—by helicopter. The vacancy is next to a room occupied by a beautiful blond model."

MASTER PROJECTION

Everett G. Jackson, art professor at SD State College and husband of the columnist, Eileen Jackson, finished another lecture to his advanced painting class.

Later he walked into the room where his students were painting, as per his instructions, and, without a word, hung on the wall a print of Picasso's "Pierrot." He stood back, admired it while the students watched.

Then, with a deadpan face, Jackson told his class, "I feel as if Picasso were a student of mine. He paints exactly the way I've been trying all afternoon to tell you people to paint."

OVERHEARD

"You're certainly trying. Very trying."

NATCHERLY

Friend Neighbor likes the one about the loud mouth who sat at the bar with his wife and bellowed: "Well, I like my liquor strong and my women weak."

Three double martinis later the weak one carried out the strong one, put him in the car and drove him home.

SEE HERE

My teenage friends keep me informed. Latest information is about an optometrist who fell into his lens grinding machine and made a spectacle of himself.

HITHER, THITHER, YON

The ugly "monster" bugs which have been seen about (and screamed about) the Peninsula area have been identified by the Natural History Museum as Jerusalem crickets. Bernard Harmeyer, of Ocean Beach, more accurately describes them as "baby volkswagens." . . . A fourth grader explained to the teacher why her girl friend was absent from school: "She has the idiotic flu." . . . One has heard of the woman who received a new pair of earrings as a gift, then had to dash out and buy a complete outfit to match. A new twist is pulled by Mrs. S. T. Shawver, of 1125 Savoy St. She couldn't resist a 25-cent card of tiny, yellow heart-shaped buttons. She spent days shopping for material and is now stitching up a frock to display them . . . A stray cat which showed up at Bob Horn's place of business was promptly named "Sputnik." It made its appearance the same day as Russia's new moon.

LOCAL MUZOOUM

Two sixth grade girls at Silvergate School, Merrily Marshall and Sharon Walker, came across a Boy Scout phamphlet entitled "How to have a wildlife exhibit." They liked the idea.

With Teacher Dick Knowles' cooperation, the girls put their plan into action with the net result: A muzooum! It contains five live snakes, ringneck, gopher, leafnose, red racer and a spotted water snake (eastern suecies ordered by one of the boys!)

Also, "there's a baby desert tortoise about as big as a half dollar, and a box turtle whose shell is hinged. When it closes up there is no hole or opening of any kind," explained the young scientists.

Teacher Knowles added his bit by bringing from the Education Center five stuffed animals: weasel, coyote, osprey, and two baby wildcats. Denny Magnuson, class mineralogist, catalogued rocks and minerals for display while members of the class did research on their "pets."

HEARD AND LIKED

Pain is the cracking of the shell that encloses our understanding.

TRAVELER

Mrs. Elizabeth F. Mathews, treasurer of the OB Chamber of Commerce, left Tuesday for New Orleans where she will attend the joint annual meeting of the American Woman's Society of Certified Public Accountants and the American Society of Women Accountants.

Mrs. Mathews visited 11 European countries last summer. She sailed from New York going to France via the northern route through the icebergs. She returned via the polar flight from Copenhagen to Los Angeles.

PINE VALLEY

Mrs. Kay Rimel recently returned from a two weeks vacation in Pine Valley. Houseguests during one week-end of her stay were members of the Golden Slipper Square Dance Club. They included Messrs. and Mmes. Guy Brown, Low Houmont, Henry Frombach, Joe Rimel, Robert Humphren, Frank Rogers, Ray Lorechider, and Guy Morris. Also, Mrs. Margaret Goughler and Florence Colvin.

'WINGS OVER AFRICA'

"Wings Over Africa" is the topic chosen by Britain's Lady Molly Huggins who will address members of the San Diego Branch of the American Association of University Women at their October general meeting, to be held at the San Diego Woman's Club Friday, Oct. 25, at 1 p.m., and again at 7:45 p.m.

WHAT'S DOING

J. L. Webb, your Telephone Manager in San Diego

The way things are growing around here, we're plenty busy putting in more phones. So, we keep on the lookout for time-savers. Like the little "watchcase" this telephone man's working with. This case connects the wire from a house to certain types of telephone cables outdoors. Makes the job a whole lot simpler. The case has a clamp on the back. So you can put it where you want it in a jiffy. Inside, it has a couple of tiny posts. You tie your wires around them. Then, snap on the top—and the job's done. Takes about 5 minutes. Time-savers like this help us bring more service to more people. In less time, too.

* * * * *

ALL IN A DAYS WORK

A new telephone employee, on the job less than two weeks, has begun his career with more excitement than is usual.

Dan Prater, 3495 Fifth Avenue, has just returned to San Diego where he served in the Marine Corps, from Las Vegas. He was hired by Pacific Telephone in mid-September.

Prater was working in the Hillcrest area with the journeyman installer he accompanies while learning the job. It was the afternoon of the Hillcrest fire. Jumping into their truck the men headed for the fire scene. They were among the first to arrive.

Along with many others the men began to remove personal belongings from threatened homes. With another man, Prater aided in removing a woman from a home already partially in flames.

While Prater was busy helping residents as best he could, our construction crews began to restore damaged telephone facilities, clearing up most of their work by late afternoon.

Friday, September 27, 1957 may well turn out to be just another day in the career Prater has ahead of him. The "new man" has certainly started that career in a fine way and we are proud to have him on our Pacific Telephone team in San Diego.

REVOLUTIONARY NEW "SHOCK-ABSORBER" GIVES EXTRA PROTECTION TO FRAGILE FREIGHT

Careful handling of freight has always been a prime concern of Southern Pacific. Four years ago we asked Stanford Research Institute to help us develop an even better way to cushion boxcar shipments of fragile freight. The result is something we're proud to report.

It is the Hydra-Cushion Underframe freight car, which employs a unique sliding underframe with a hydraulic pressure device to give *extra* cushioning to fragile shipments while cars are being coupled or are in transit.

350 Cars. We built 350 of these cars—and added "DF" (damage-free) interior loading equipment and roller bearings for good measure—to assure extra protection to shipments of television receivers, bottled goods, glassware, ceramic tile and numerous other fragile products.

The Hydra-Cushion Underframe freight car is an example, we think, of how Southern Pacific uses modern research in our continuing effort to give the finest freight service.

Annual Leather Care Results in Longer Wear

BY EDNA MILES

FALL weather is leather weather and the leather school jackets, handbags and suede jackets that have been stored away come out for use.

Most of us tend to neglect leather articles because they are long-wearing and will take much abuse. But leather clothing and handbags will last years longer, according to Marjorie Lehmann of Leathercraft Process of America, if you follow a few simple rules for their care.

Mrs. Lehmann's New York firm is this country's foremost specialist in the care of leather, so she knows whereof she speaks. She suggests some do's and don'ts for the cleaning, preservation and storage of leather:

Let suede and leather garments breathe. Don't store them in airproof plastic bags. Stale air inside the bag will oxidize the color and fading will result. Keep leather away from steam pipes in closets.

Smooth leather garments can be wiped clean with a damp cloth and mild soap. Suede can be brushed with a rubber sponge. But don't use cleaning fluids and spot removers, since they'll remove color and leave rings. It's unnecessary to use saddle soap on leather luggage, handbags or golf bags. The intended use of saddle soap is for riding boots only.

Leather should never be stored in a damp cellar or garage.

Remove surface dirt from suede garments with a rubber sponge. When cleaning is necessary, turn to leather expert.

When clothing, gloves and handbags require cleaning, give them to an expert. Ordinary dry cleaning will remove natural oils and damage both color and finish.

Proper home care and expert cleaning will make your leather possessions last for years

Four Local Square Dance Clubs Will Participate In Annual Fiesta

Four square dance clubs in the Peninsula area—Jeans & Calicos, Spinning Wheel Squares, Lighthouse Squares, and Golden Slippers—will participate in the seventh annual Fiesta de la Cuadrilla to be held Nov. 1-3 in Balboa Park.

The festival is sponsored by the Square Dance Association of San Diego County and the City Park and Recreation Department. It will open with a "South of the Border" square dance on Friday night, Nov. 1 in the Recital Hall, Balboa Park.

Gene Williams, of 4321 Niagara, is the association president and chairman of the fiesta, and with Mrs. Williams is in charge of fall program details. Several local callers will take part in the clinics, including Bea Adams, Ed Berryman, Don Crouch, Dale Durbin and Alan Wolfson.

Jim Thrailkill, of 5142 Brighton, will be in charge of the registration starting at 9 a.m. Saturday in the Recital Hall. Two days of chuck wagon dinners, square and round dance clinics, and impromptu and programmed dancing will follow.

There will be a junior dancers exhibition Saturday at 1 p.m. in Balboa Bowl, and a banquet at 5 p.m. Saturday in the Food and Beverage Building followed by a fashion show of square dance attire. Climaxing Saturday's events will be the square dance at 8 p.m. in three park buildings. This dance will be followed by an after party at midnight.

Sunday activities will start at 10 a.m. with impromptu dancing followed by a chuck wagon dinner from 11 a.m. to 1 p.m. and "The Square and Round Dance Review of 1957" at 1 p.m. in Balboa Bowl. The fiesta officially closes with a programmed dance from 2 p.m. until 5:30.

Activities that are free and open to the public are the Junior Dancers Exhibitions at 1 p.m. Saturday, Nov. 2, and the "Square and Round Dance Review of 1957" at 1 p.m. Sunday, Nov. 3. Both events will be held in Balboa Bowl.

Williams said plans are being made to accommodate 5,000 dancers from California and neighboring states.

RESIDENT'S BROTHER ORDAINED AT AGE 50

The Rev. Gregory Leonard Tasch, youngest brother of George A. Tasch, 1540 Chatsworth Blvd., has been ordained to the ministry as a Benedictine priest at the unusual age of 50.

He celebrated his first solemn high mass in a colorful ceremony held in Chicago last Sunday. Assisting him at the altar was his oldest brother, the Rev. Alcuin Tasch, of Baltimore, as arch-priest.

George A. Tasch is founder and first grand knight of Pt. Loma Council, Knights of Columbus.

Bible Comment:

Men Will Fight Not for Hate, But for Home

THE Bible from its opening books to its closing is a great chronicle of home and family life. Even in crude and violent times we have the stories of rich and beautiful experiences.

At a time when in our present-day life, potential violence and horror are cheek by jowl with all the finer things, we can appreciate the fact that, in spite of horror and violence in the past, rich and beautiful things have persisted. And they will survive the tragedies of the present time.

It is sad to think of the tragedy of young lives sacrificed to war. The sacrifice, suffering and loss to loving mothers and fathers is appalling. But it is the spirit of youth that comes from such homes upon which the future of the world ultimately depends.

Thoughtless leaders suggest that the measure of military success can be determined by the amount of hate with which soldiers can be stirred to action. Such a specious concept is against the experience of wars in which men have fought predominantly for a cause or principle.

It was not hate that inspired the finest type men who fought on both sides in our own Civil War—men like Lee in the South and Grant in the North. Hate was not the motivating force in the man who had the destiny of the nation in hand—Abraham Lincoln.

HEALTH FOR ALL

One of the great tragedies of tuberculosis in past years has been the belief that a woman suffering from TB should not have a baby. If a pregnant woman was discovered to have the disease, therapeutic abortion for the good of her health was often recommended.

In recent years, however, the idea that pregnancy does not in itself cause the disease to get worse has been gaining support. Studying the records of 152 tuberculosis women who had 241 pregnancies over a 30 year period, doctors at Henry Phipps Institute in Philadelphia found that there had been no change during or after pregnancy in the condition of 90.5 per cent of the women.

Unfavorable changes, it was found, happened most often to those who failed to follow medical advice. Not one of the women who had inactive tuberculosis showed any change for the worse because of pregnancy.

The Philadelphia doctors conclude that TB is not complicated by the process of having a baby and should not be considered a reason for ending pregnancy. With proper modern care of the disease, the tuberculous woman can have her baby.

It's very important, however, for a pregnant woman to make sure whether or not she has TB. The simple tuberculin test will show whether or not TB germs are in her system. If the test is positive, a chest x-ray and other tests can be made to find out whether she has active disease.

Once the disease is discovered, treatment can be started to check it. Unless it is discovered, precautions can't be taken to protect her child from the disease. A test for TB should be part of every woman's preparation for motherhood.

COUNTRY PLATTERS
by LES CARROLL

SEVERAL fine albums recently released will make excellent additions to your record library.

Kitty Wells' "Winner of Your Heart" has 12 beautiful songs she never before recorded, done in her very appealing style. In addition to the title song are "Each Day," "She's No Angel," "Stubborn Heart" and "Mansion on the Hill." Wilburn Brothers features this popular team in such songs as "Cry, Cry Darling," "You Win Again," "Always Alone" and "I'll Sail My Ship Alone," etc. (Both Decca.)

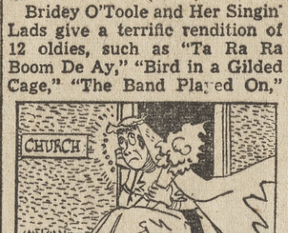
Popular Rosalie Allen's albums, "Rodeo," with Tex Fletcher, and "Songs of the Golden West," with Shorty Warren, are beautifully done collections of 24 top western songs, such as "Tumbling Tumbleweeds," "Sioux City Sue," "Wagon Wheels," "The Last Roundup," "My Adobe Hacienda," "Mexicali Rose" and "Columbus Stockade Blues" (Grand Award).

With country artists reporting many requests for Gay Nineties numbers, mention must be made of "Gay Nineties" by the Harmonizing Clippers, which includes "Take Me Out to the Ball Game," "Meet Me in St. Louis" and "Down Went McGinty" (Waldorf).

For peppy numbers, the Osborne Brothers and Red Allen have a dilly in "Wild Mountain Honey" (MGM) and Bill Carlisle's enthusiasm is contagious in "Uncle Bud" (RCA).

George Jones has a double-barrel release in "Hearts in My Dream" and "Tall, Tall Trees" (Mercury), as does Don Gibson with "Blue Blue Day" and "Too Soon to Know" (RCA).

Bridey O'Toole and Her Singin' Lads give a terrific rendition of 12 oldies, such as "Ta Ra Ra Boom De Ay," "Bird in a Gilded Cage," "The Band Played On,"



"Waitin' at the Church" and "Waltz Me Around Again, Willie" (Grand Award).

Among singles, there are some very beautiful ballads which are sure to please you. Skeets Yaney's "Never Can Be" (MGM) is one of his best, and a new group, the Benny Hall Trio, have an excellent "first" in "She's Telling Me the Same Thing" (Capitol), while Dave Houston has a winner in "I'll Follow You" (RCA).

OTHER FINE RELEASES are "Tears Are Only Rain" (Hank Thompson, Capitol); "This Time" (Curly Sanders, Concept); "Torch of Love" (Benny Martin, RCA); "Bless Your Little Ol' Heart" (Skeets McDonald, Capitol); "I Saw You Cheatin' Last Night" (Skeets Yaney, MGM); "Love Fever" (Johnny and Jack, RCA); "Love Me to Pieces" (Rusty and Doug, Hickory); "Hafta Do Something 'Bout That" (Jimmie Skinner, Mercury), and "Della Mae" (Osborne Brothers and Allen, MGM).

Horse Show Arena Among Projects Scheduled At Del Mar County Fair

A new horse show arena, suitable for numerous outdoor attractions during the interim period, will be constructed at the Southern California Exposition and County Fairground at Del Mar during 1958, Paul T. Mannen, manager, has announced.

The arena is one of several projects approved by the Exposition's board of directors.

Included in the program is asphalt paving of the second half of the main 27-acre parking lot. The state public works department has granted $222,000 for the job. Part of the area was surfaced two years ago.

Other projects include the reroofing of two livestock barns, construction of a cafe into a display building for the photo salon; resurfacing floors in Little Theatre and art exhibit building, and enlargement of the grandstand stage to three times its present size.

An addition to the rabbit and poultry building to increase floor space by 45% also is being considered.

Improvements will cost approximately $445,000, Mannen said. Funds come from a tax imposed on pari-mutual wagering throughout the state.

Demos Schedule Halloween Ball

Brown Van Voorhees will serve as chairman of the costume judging committee at the second annual Halloween Masque Ball to be held by San Diego County Democrats at the Mission Valley Country Club this Saturday evening, Oct. 26, it was announced by Richard Thompson, chairman of the Democratic Central Committee's special events committee.

"Humor and ingenuity will be vital factors in judging the costumes," Voorhes states. "Of course, since this is a Halloween party, witches and ghosts will probably be well represented among the costumes, and any political suggestions in such costumes may help the wearers win a prize."

Although it is hoped that all those who attend the dance will join in the fun by wearing a costume, dress is optional, Voorhees pointed out.

Music will be supplied by Walter Fuller's orchestra, and dancing will begin at 8:30. Tickets may be obtained from local Democtaric Club officials, at Democratic Headquarters, 920 Fourth Ave., or at the door.

Hardy School Dedication Set

First dedication of a new school during the current school year will come as a feature of American Education Week, to be held from Nov. 10 through 16.

Dr. Ralph Dailard, superintendent of city schools and chairman of the local American Education Week Committee, announced that Hardy Elementary School, 5420 Montezuma Rd., will be dedicated in evening ceremonies Thursday, Nov. 14.

The school was opened last April 22. It is named for Dr. Edward L. Hardy, second president of San Diego State College from 1911 to 1935 and former member of the City Board of Education.

The dedication program will begin at 7:30 p.m., and will be preceded by an open house at the school from 6:30 to 7:30 p.m., according to Dailard.

All city schools will hold evening open house programs during American Education Week and have invited all residents of the city to attend the many special events planned.

Safety Message

Walt Disney's Jimminy Cricket this week brought a safety message (on color film) to all students of Ocean Beach School.

Presented by Officer Dayton Runnels of the SD Police Dept., the assembly programs reviewed where and when to cross streets safely.

Runnels pointed out that children at Ocean Beach School cross Sunset Cliffs Blvd. only at Santa Monica when patrol boys are on duty, and at Newport Ave.

They are to cross Voltaire St. only at Sunset Cliffs Blvd.

WHO'S WHO in San Diego County?

Mr. & Mrs. Noah Goodeal: "At Bank of America our savings provide capital for loans that finance *progress!* And the 3% interest paid on savings by B of A (totaling nearly $3,000,000 in this county last year) gives local folks more money to spend with local merchants."

Miss Netta Profit: "Land sakes, yes – Bank of America employes and stockholders help me net a profit! Last year B of A paid local people more than $4,600,000 in salaries and dividends . . . money they spent in my shop and with thousands of other local merchants."

Mrs. Linda Hand (and hubby): "My hubby works for Bank of America. Like other bank officers and employes we volunteer to help out at all kinds of community projects. Seems like everyone at B of A pitches in, and their financial know-how is especially valuable in fund-raising campaigns."

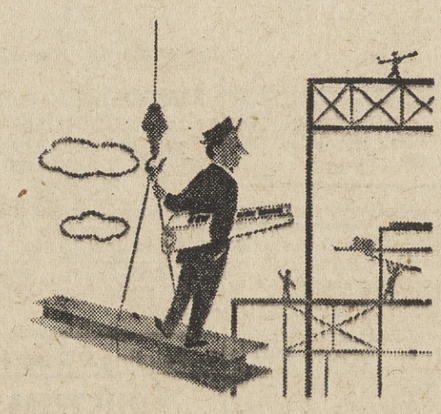
Mr. Abel Helper: "I've lived and worked in San Diego County a long time now. And, as one of the nearly 5,000 local folks owning stock in Bank of America, I've made suggestions to help the bank specialize its services to meet local needs."

Master Thurston Fornowledge: "I'm one of the 227 San Diego County students who won an award in Bank of America's statewide Achievement Awards Program this year. The program gave a total of $44,900 in cash and thousands of certificates and engraved trophies to honor high scholastic standing, citizenship and individual achievement."

Mr. Hap E. Home & family: "Like a lot of other San Diego County people, we're snugly settled in a home of our own financed through Bank of America. Last year, for example, local B of A branches' real estate loans totaled over $54,100,000 – money that provided jobs for local workers, income for contractors, sales for merchants."

Mrs. K. G. Shopper & family: "We're finding more good buys in San Diego County stores these days, because Bank of America is helping local business grow bigger and better. Last year local B of A branches loaned more than $211,500,000 to local folks who wanted to expand and improve their businesses or start new ones."

Mr. & Mrs. E. Z. Living & family: "We like Bank of America's readiness to provide financial help through Timeplan. We've used Timeplan for many reasons—to finance new appliances, redecorate, pay unexpected bills. And we're not the only ones. Last year local B of A branches made a total of over $82,500,000 in Timeplan loans!"



Mr. Seymour Progress: "I'm a member of one of the underwriting groups organized by Bank of America to buy San Diego County school and municipal bonds. During the last 5 years alone these B of A groups purchased more than $32,500,000 in local bonds—money to provide more classrooms for youngsters, hospitals, libraries and other public facilities."

LETTER FROM HAWAII

Mrs. Douglas Coleman, of 2131 Bacon St., president of Ocean Beach Unit 433, American Legion Auxiliary, is enjoying a trip to the Hawaiian Islands.

In a letter dated Oct. 17, she wrote as follows:

"Had a lovely flight over to the Islands to visit my son, Robert Ryan, and his wife, the former Joan Nye. My main reason for my visit was to see my grandchild, Michael, who was born in the Islands.

"My son, who is stationed here with the Marine Corps, made arrangements for me for a tour of Pearl Harbor on a Navy launch. Saw the sunken Arizona and it is a sight I'll never forget. The day of the tour we met Bill Lancaster and his wife, Pat, also Mr. Moss of the Veda Moss Shop. It was wonderful seeing someone from Ocean Beach.

"This is really a beautiful place and has to be seen to be appreciated. The people are quite friendly, too.

"I'd like to take this opportunity to say hello to my friends the parents of a baby boy, Oct. meet again, Aloha."

Bar Ass'n. Aux. Plans Fall Party

Members and guests of the San Diego Bar Association Auxiliary will hold their annual fall party on Saturday, Nov. 2, at Singing Hills Country Club.

No-host cocktails from 7 to 8 p.m. are to be followed by dinner and dancing.

Mrs. Alec L. Cory, president; Mrs. Paul D. Engstrand Jr., social chairman, and Mrs. Franklin Orfield, decorations, have chosen "Country Dance" as the theme for the party. As appropriate decor they have fashioned some fantastic scarecrows which will be used with stacks of hay and shocks of corn. No "city clothes at this affair—just blue jeans, cotton shirts and cotton dresses.

At least 200 are expected to attend.

Reservations should be made by Tuesday, Oct. 29 with Mrs. R. Fenton Garfield or Mrs. Douglas R. Woodworth.

Other members assisting with the preparations are Mrs. Brooks Crabtree, Mrs. Harry H. Horton Jr., Mrs. Henry Pitts Mack, Mrs. John George Ronis, Mrs. Robert R. Clodfelter and Mrs. Howard S. Dattan.

ZENITH 1-2000

SACRAMENTO—Phone Zenith 1-2000 to report traffic emergencies to the California Highway Patrol.

"The Patrol's emergency telephone number is for reporting traffic accidents, blocked highways, and other such emergencies only," declared B. R. Caldwell, Patrol Commissioner. "Zenith 1-2000 cannot be dialed but requires calling the operator who will give you the nearest Patrol office.

"Non-emergency calls, such as requests for road and weather conditions ,assistanec in locating lost persons, and requests for other than emergency services, are to be phoned on the regular number assigned to each Patrol office," Caldwell stated. "Calls on Zenith 1-2000 which are not of an emergency nature tend to delay true emergency calls frequently necessary to save a life.

"The emergency number is toll free and will put the caller in touch with the Highway Patrol office nearest the location from which the call originates," he concluded. "Remember, when reporting true emergencies by phone in rural areas, dial the operator and ask for *Zenith 1-2000*.

"Do not use this number for routine calls."

Dangling Dice & Baby Shoes Now Illegal

SACRAMENTO—Drivers who have novelties and other gadgets hanging between them and the car windshields are in violation of the law, says the California Highway Patrol.

"A new law passed by the 1957 Legislature prohibits any person from driving a motor vehicle upon a highway with any object so placed in or upon the vehicle as to obstruct the driver's clear view through the windshield," declared Patrol Commissioner B. R. Caldwell. "This includes novelties such as dice, baby shoes, gadgets on strings, and all such items.

"The Patrol is charged with enforcement of all the vehicle laws and proper enforcement action will be taken against drivers who continue to drive with these items hanging in the car so as to obstruct the driver's clear view," Caldwell stated. "Obstruction of the driver's view is a recorded contributing factor in many traffic accidents each year.

"Motorists are urged to comply with this law and help in the fight against traffic accidents in California."

Mrs. B. M. Hall of Altadena, ITC director for the Southwest Region will conduct the charter ceremony and Mrs. R. E. Whiting, Council 7 chairman, will install officers.
